E Macroeconomics and Monetary Economics

A.A. Kearney, A note on modeling the impact of economic announcements on interest rates (E4) 83
O. Charlot and B. Decreuse, Can skill decay increase search effort? (E24)359
M. Adolfson, Export price responses to exogenous exchange rate movements (E30) 91
H. Khan, Price stickiness, inflation, and persistence in real exchange rate fluctuations: cross-country results (E31)247
L.N. Christofides and T. Stengos, A non-parametric test of the symmetry of PSID wage–change distributions (E31)363
K. Ralf, Do complementary factors lead to economic fluctuations? (E32) 97
C.A. Favero and F. Mosca, Uncertainty on monetary policy and the expectations model of the term structure of interest rates (E44)369
S. Kalyvitis and A. Michaelides, New evidence on the effects of US monetary policy on exchange rates (E52)255

F International Economics

J. Gilbert and T. Wahl, Export restrictions, urban unemployment, and the location of processing activities (F13)105
V. Lucas, Tax harmonisation and the origin principle (F15)111
M.P. Taylor and M. Iannizzotto, On the mean-reverting properties of target zone exchange rates: a cautionary note (F31)117
N. Hermes and R. Lensink, Capital flight and the uncertainty of government policies (F39)377
J. Rangvid, Increasing convergence among European stock markets? A recursive common stochastic trends analysis (F41)383

G Financial Economics

N.G. Rupp, Are government initiated recalls more damaging for shareholders? Evidence from automotive recalls, 1973–1998 (G14)265
K.A. Kim, Price limits and stock market volatility (G15)131
R.M. Feinberg and A.F.M.A. Rahman, A causality test of the relationship between bank and credit union lending rates in local markets (G21)271
J. Jaenicke, Price and hedging policy: The case of an intertemporarily risk averse bank (G21)391

H Public Economics

R.C. Williams, Tax normalizations, the marginal cost of funds, and optimal environmental taxes (H21)137
U. Fischbacher, S. Gächter and E. Fehr, Are people conditionally cooperative? Evidence from a public goods experiment (H41)397
D. Brunton, R. Hasan and S. Mestelman, The 'spite' dilemma: spite or no spite, is there a dilemma? (H41)405
E. Feinerman and J. Lipow, Is there a bias toward excessive quality in defense procurement? (H57)143

J Labor and Demographic Economics

A. Bisin and T. Verdier, Agents with imperfect empathy may survive natural selection (J10)277

L Industrial Organization

J.S. Gans and S.P. King, Using 'bill and keep' interconnect arrangements to soften network competition (L41)413
R.M. Braid, Cost-reducing horizontal mergers that leave prices unchanged in models of spatial competition (L41)421

O Economic Development, Technological Change, and Growth

R.K. Goel and R. Ram, Irreversibility of R&D investment and the adverse effect of uncertainty: Evidence from the OECD countries (O5) 287
S. Knowles, Are the Penn World Tables data on government consumption and investment being misused? (O40)293
